

DEFENDER™ F200 BIOMETRIC FLASH DRIVE

Biometric Drive

ADVANCED SECURITY

An ergonomic swipe sensor with hardware-based matching brings you biometric fingerprint identification in a distinguished rugged metal design. The enclosure offers you a product is that tamper-resistant, waterproof and dustproof. In addition to the physical features, this unique USB flash drive delivers a fast and efficient hardware-dedicated security processor that provides advanced portable security through FIPS 140-2, Level 3 validated AES 256-bit encryption, authentication, manageability and biometrics. It also provides hardware protection against malware in any environment, securing your digital information.

Two-factor Authentication and Password - Fingerprint Identification

Establish an authentic password to create an identity on the Defender F200 Flash Drive. By creating a strong password, you increase the level of security protecting your data-at-rest. Includes Administrative controls to manage up to 10 users, and robust support for complex and custom password policies including length, special characters, expiration and more. Further enhance security and convenience with the Defender F200 flash drive utilizing biometric capabilities through an ergonomic swipe sensor with hardware-based matching.

Optional Features

Antivirus Software

Protect against viruses, worms, and other malware threats with on-board antivirus software constantly monitoring file transfers to the portable storage device.

Central Management Software

Streamline provisioning, customise security policies, deploy and manage secure portable devices across networks and security environments.

FEATURES + BENEFITS

FIPS 140-2, LEVEL 3 VALIDATED

- Meet the most demanding regulatory requirements for the Federal Information Processing Standardisation (FIPS) 140-2, Level 3 validation with the Imation Defender F200 Flash Drive. Level 3 - This level exceeds Level 1 and Level 2 requirements, and adds physical tamperresistance and identity-based authentication.

AES 256-bit ENCRYPTION

- Protect your data with the hardware-based AES 256-bit encryption implemented in Cypher Block Chain (CBC) mode activated every time the USB flash drive is in use. The Imation Defender F200 USB Flash Drive is compatible across multiple platforms without administration or installing software or drivers.

TECHNICAL SPECS

CAPACITIES 1GB, 2GB, 4GB, 8GB, 16GB, 32GB

SIZE (CAP ON) 13 x 26 x 85mm

SYSTEM REQUIREMENTS

Windows® 7/Vista/2000/Windows®/XP
Mac OS™ 9 or higher

STANDARDS & CERTIFICATION

FIPS 140-2 Level 3 Validated
USB 1.1 and 2.0
FCC
CE
WEEE Compliant
RoHS Compliant

INTERFACE

USB 2.0 (1.1 compatible)

5 YEAR LIMITED WARRANTY

TRADE AGREEMENTS ACT COMPLIANT (TAA)

Designed and Assembled in U.S.A.
