Dataline

Prodata introduces Dataline - a range of Fire Resistant Cabinets that ensures safety of your valuable data. These safes are designed to withstand temperatures as high as 1000° C. They maintain inside temperatures and humidity well within accepted standards for protection of magnetic and optical media.

Convenience

- Three convenient sizes to choose from - 10, 53 and 90 liters - for enhanced storage capacity.
- Adjustable shelves to suit all your requirements.
- Provision to fit additional accessories, such as shelves and sliding trays. Sliding trays on ball slides for easier access (optional).
- 53L model has been listed at Underwriter's Laboratories, USA for 60 minutes for Fire Endurance, Fire and Impact, as well as Explosion Hazard as per UL-72, Class 125.
- Tested for Magnetic Interference by ERTL.

Long Life

- An excellent 12-tank per-treatment, followed by a high-quality polyurethane paint gives a scratch-resistant and long-lasting finish.
- An aesthetic, multi-functional laminated / FRP top blends well with your office décor.

Locking Mechanism

- Two 10-lever high security cylindrical locks for added security

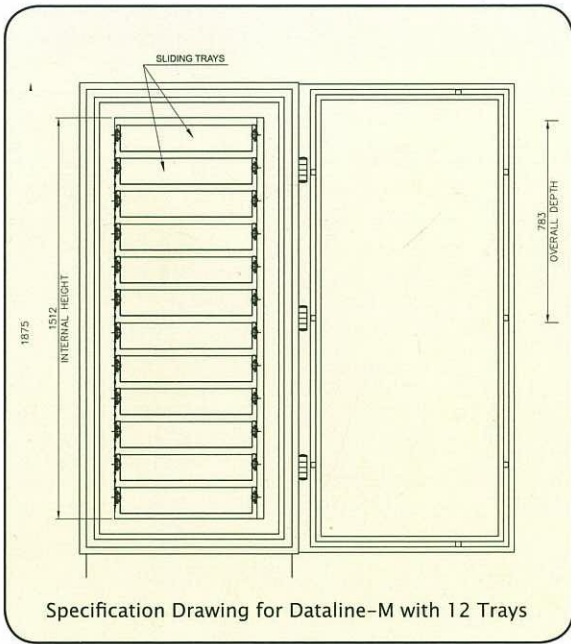

DATALINE-M Data Cabinet

Dataline-M has a cabinet inside-a-cabinet type of construction in which the external shell is Fire Resistant. The inner shell has resilient packing all around its periphery, that seals the door of the inner shell against the body of the inner shell. A strong shooting bolt, tongue-and groove construction provides secure storage.

The data cabinet comes with accessories that include.

1. 4 adjustable shelves
2. a. Locker cabinets
b. Flap door compartments
3. Unlockable pull-out trays & lockable pull-out draw units.
4. Optional combination lock

A combination of any or all of the above is available. Item 1 comes as part of standard equipment. Items 2,3 & 4 are optional.

Dataline Protects from:

	FIRE		MAGNETIC FIELDS
	DUST		UNAUTHORISED ACCESS
	PILFERAGE		ACCIDENTAL OR MALICIOUS DAMAGE
	HUMIDITY		ELECTROSTATICS
