17" Display

ServerLink LCD KVM

The Serverlink LCD Series, offers the ultimate in styling and computer management. With a keyboard, touchpad mouse, TFT LCD panel with an integrated KVM switch housed in an industry standard 19" 1U high rack drawer, it saves you up to 1/3 of valuable real estate from a rack cabinet. Just slide the console out, flip up the LCD cover and you're ready to go to work. When cascaded with additional LKS series KVM switches to increase server management capacity, you save even more! These LCD KVM switches offer unique extension accessories which allow them to be installed into a rack cabinet with a depth of only 20" (50 cm) and up to 40" (100cm). Now, equip your rack cabinet with a ServerLink LCD KVM, throw away the bulky VGA monitor, keyboard and mouse, and streamline your computer management.
