## ServerLink SOHO KVM

Save money on expensive monitors, create more working space and cut down on your power costs. Designed and manufactured in Australia by an award winning engineering company, the ServerLink SOHO KVM is the ideal low cost solution for controlling 2 to 4 computers with a single monitor, keyboard & mouse.

Built upon the proven and reliable ServerLink Infinity range of KVM switches, the SOHO KVM boasts similar features but without On-Screen-Display. Colour coded connectors ensure simple, hassle free installation. The SOHO KVM has connections for PS2 computers only.
